

## Field Education 5181 – Outreach to Children and Youth

Working with the principals and curriculum coordinators of the London District Catholic School Board, a list of schools located in the London Deanery and desiring outreach ministry from St. Peter's Seminary will be compiled. In dialogue with the Director of Field Education, Theology I students will be assigned to a school. *Seminarians will be attached to the parish associated with the school and will attend the Masses at that parish on the designated weekends.* The Director of Field Education will work directly with the school personnel who will be supervising the theology student(s). The desired outcome of this ministry for the theology student is to observe (e.g. how teachers integrate faith throughout the curriculum, how students learn, etc.) and to offer a ministry of presence to the staff and students of the school.

In addition, four seminars will be held in the art of Theological Reflection allowing the student to come to a deeper understanding of the practicality and spiritual benefits of this tradition. Opportunities will be given to apply Theological Reflection in both the written and spoken forms.
